

Description of Services

WHO WE ARE

Education Advantage is a professional academic assessment service provider located in Halifax, Nova Scotia that services the Atlantic region and beyond. We use the most current standardized academic assessments and screening inventories to help you understand your child's academic performance and learning needs. Virtual service available.

We recognize the impact that ADHD can have on learning, a child's experience of education and the challenges that may be faced by families. We help relieve parent and student anxiety by assessing academic strengths and weaknesses and providing strategies to support success.

At Education Advantage our academic evaluators use Pearson standardized assessment tools, hold a MEd or PhD, and are approved by Pearson to administer them.

WHAT WE DO

We offer a range of educational services and will discuss your needs during our intake process to determine the best option. We realize many parents are unfamiliar with standardized assessment and will work with you to determine the most appropriate service or combination of services.

ACADEMIC ASSESSMENTS. We use a range of tools to complete academic assessments, which range from providing a broad overview, to a detailed review of child's academic performance.

- **The Wide Range Achievement Test-5 (WRAT5)** giving an overview and measuring skills in Individual Word Reading, Sentence Comprehension, Spelling and Math Computation. Includes success strategies. (\$397.00 + tax).
- **The Woodcock Reading Mastery Test-III (WRMT-III)** giving an overview and measuring only those skills related to reading and listening comprehension, and oral reading fluency. Includes success strategies. (\$397.00 + tax).
- **The WIAT-III** an extensive, in-depth tool giving a very detailed assessment of academic performance in all academic areas and includes success strategies and a customized learning plan. The WIAT-III is required as a first step toward a full Psycho-Educational assessment (\$1497.00 + tax).
- **Psycho-Educational Assessments** combines the WIAT-III with cognitive testing and will be discussed on an individual basis (rates vary).

EXECUTIVE FUNCTIONING SCREENING. A service to determine how ADHD may be affecting your child's learning. Includes success strategies (\$367.00 + tax).

PARENT SUPPORT. A monthly service offering weekly email communication and a quarterly video conference to review progress, update strategies and reduce stress (\$47.00 + tax/monthly).

PRIVATE TEACHING. Access a certified teacher for customized tutoring to close learning gaps built on our suggested support plan (\$57.00 + tax/hourly).

Joyce and Leigh

Dr. Joyce Kennedy, PhD, CTD
J. Leigh Gillis, MEd

We are a mother, daughter team with extensive experience in teaching, facilitation, conducting assessments and developing learning strategies.

Our goal is to reduce the stress and anxiety that often accompany academic struggles by offering families evidence-based information and resources that help.
